The February, April, October, & December matches will consist of three 20 shot 880 yd prone stages. Unlimited Sighters on the first stage, two sighters on subsequent stages. Stage, and overall awards will be given. The January, March, June, July, August, September & November matches will consist of three 15 shot 880 yd prone stages. These will be fired two to a mound, each stage will have two convertible sighters. The Fresno Open (May 25-27) match program will be distributed separately.

Match fees for all matches except Fresno Open (May): \$25.00
Juniors welcome. Junior Match fee: \$5

Shooters who are new to NRA High Power must attend a Practice / Work day before attending their first match. We will be glad to offer assistance and information.

All matches begin at 9:00 a.m. Squadding at 8:30 a.m. near the range house. Please be early.
Practice / Work days commence at 8:30 a.m. Please call ahead to find out what work will be done, and what tools to bring.

We have practice days most Tuesdays, throughout the year. **DO NOT SHOW UP**, without calling or emailing me first, to confirm the practice day is occurring, and start time.

All matches will be conducted using ShotMarker electronic targets. Your ammunition must have an on-target velocity of at least 1250 fps to reliably register. AR-15's and shorter barreled .308's may have difficulty at 880 yards.

Please bring a fully charged wi-fi capable tablet or smartphone. If you don't have such a thing, please let me know, as I have a couple extras.

**All Children must be supervised by a non-shooting adult.
Eye & Ear Protection Mandatory**

For information call/text Doug Beach (559) 905-0547, email dpbeach@hotmail.com

Typical elevation adjustments needed for 600, & 880 yards, assuming you have a 100 yard zero; due to the many different cartridges, bullets, and velocities being used, these numbers are not exact, but will get your 1st shot on the target, in nearly every case.

From 100 yards to 600 yards: Come up 14 minutes, or 3.9 mil.
From 100 yards to 880 yards: Come up 27 minutes, or 7.7 mil.
